

When you spend less on energy, you can spend more on your business.

LG&E and KU are proud to offer an entire portfolio of money-saving energy efficiency programs designed specifically for small businesses:

Commercial Audit | Commercial Rebate | Demand Conservation | A/C Testing and Tune-Up

These programs can help reduce your business's energy use and lower your bills. Plus, with the Rebate Program, you can receive cash incentives for replacing aging, less-efficient equipment. To learn more about these money-saving programs and apply online, visit lge-ku.com/eebiz.
