

To reduce your carbon footprint,

every step counts.

Take the first step and sign up for LG&E Green Energy. By doing so, you can ensure that more renewable energy comes onto the electric grid serving Kentucky. You can participate for as little as \$5 per month. For more information or to enroll, visit eon-us.com/green or fill out the form on the back and mail it with your payment.

Yes, I'd like to reduce my carbon footprint!

Choose how much Green Energy you want to buy each month:

Choose a dollar amount below or fill in your own amount (must be \$5 per month increment). For each \$5 per month purchase, at least 300 kilowatt hours (kWh) of Renewable Energy Certificates will be purchased, which guarantees that 300 kWh of renewable energy is generated and delivered to the power grid serving Kentucky.

\$5 \$10 \$15 \$20 \$25 Other Amount \$ _____

Complete this form

Name _____

Service Address _____ City _____

Zip _____ Daytime Phone or E-mail _____

Account Number (Optional) _____

Return this form with your bill payment. The amount of your purchase will be added to your bill each month. You may also enroll online at eon-us.com/green or by calling 502-589-1444 (outside Louisville 1-800-331-7370).

Green Energy Program Facts:

- Certified by a non-profit (www.green-e.org).
- Supports renewable resources from Kentucky and immediate vicinity.
- To see the environmental benefit of your purchase, go to www.eon-us.com/green and click on "Green Energy Calculator."
